About Me

Results-driven SEO Specialist with over **9 years** of experience executing end-to-end technical, on-page, and off-page strategies to maximize organic search visibility and traffic growth. Expert in technical site audits, Schema markup, GTM event tracking, and GA4/GSC integration. Proven track record in advanced keyword research, local SEO, GBP optimization, and modern search strategies (GEO/AEO) to resolve complex site errors, optimize architecture, and deliver measurable client results.

- Google Analytics
- Google Search Console
- Google Tag Manager

Work Experience

JUNIOR SEO/GRAPHIC DESIGNER — 2016 - 2019

JNB Web Promotion

Contributed to organic search growth and visual branding at JNB Web Promotion by executing strategic keyword research, detailed on-page optimization, and targeted backlink-building campaigns to improve search engine rankings. Simultaneously designed custom digital graphics and marketing promotional assets to elevate brand presence, support client campaigns, and enhance user engagement across web platforms.

SENIOR SEO/ Wordpress designer — 2019 - 2023

Volfyre Digital Marketing

Managed comprehensive SEO, WordPress web design, and graphic design operations at Volfyre Digital Marketing for multiple client SEO accounts to boost search performance and brand visibility. Spearheaded full-lifecycle strategies including keyword research, technical audits, on-page and off-page optimization, local SEO, citation building, link building, and client status monitoring (including DNS status checks). Handled regular Google Business Profile (GBP) and social media posting, custom AI content creation, and monthly performance reporting. Built fully responsive custom-coded WordPress sites and designed high-converting digital visual assets—such as infographics, business banners, social media graphics, and landing page redesigns—across WordPress and Wix platforms to maximize organic traffic growth and brand engagement.

Freelancer SEO — 2023 - 2023

Bingerlabs

Freelance SEO Specialist at Bingerlabs, dedicated to providing performance-driven search engine optimization solutions. My key strengths encompass technical audits, local citation building, and high-intent keyword targeting, all aimed at enhancing search rankings and attracting qualified organic traffic.

Wordpress Web Dev Apprentice — 2023 - 2024

Managed a high-volume WooCommerce infrastructure spanning a network of specialized e-commerce stores, focusing on uptime, site security, and extensive product catalogs. Enhanced page speed and diagnostic performance while tailoring storefront layouts with HTML, CSS, and custom PHP snippets. Collaborated with senior developers to troubleshoot staging bugs, perform database cleanups, and guarantee a responsive, seamless transaction environment.

SENIOR SEO Specialist — 2024 - 2026

Canadian Web Designs

Specializing in technical site audits, site architecture optimization, schema markup, and modern GEO and AEO strategies to maximize organic visibility and search growth. Proficient in comprehensive keyword research, end-to-end on-page and off-page optimization, blog content strategy, high-authority link building, and local SEO including Google Business Profile management and citation building. Highly skilled in advanced tracking implementations such as GA4 key event tracking, Google Tag Manager (GTM) custom events, and Google Search Console, alongside continuous performance monitoring, client reporting, and strategic Q&A documentation. Additionally, brings a strong design background spanning multi-platform execution across WordPress, Wix, and Shopify—focusing on WordPress redesigns, responsive landing page redesigns, social media posting, and custom graphic design assets to deliver cohesive digital solutions.
